Rarely does a home of this magnitude become available on the storied Northside of Summit. With gardens that are registered in the Archives of American Gardens at the Smithsonian Museum and resting on over an acre of land with a tennis court and open lawns, 100 Prospect Hill Avenue is a six bedroom, five full and two half bath home built for gracious family living and elegant entertaining in a premier, walk-to-town location.

A unique garden room with tiled floor and French door access to the formal gardens is adjacent to the living room.

Towards the rear of the home is the gourmet kitchen with marble and mahogany center island, professional grade stainless steel appliances, large walk-in pantry and informal dining area. Rounding out the first level is a large mud room with multiple closets, an office nook and an oversized two-car garage with direct access into the mud room.
